Bright Horizons takes photographs of children enrolled at its Centers as part of a Center’s daily curriculum, to document activities and for other business purposes. Bright Horizons retains all rights, title and interest in any photographs or videos taken of children at the Center and may use them for its business purposes.

These purposes include: (1) display in the Center, newsletter or other materials distributed to Center parents; (2) post on an authorized Bright Horizons Web site, including a Bright Horizons Photo Center; and (3) transmittal to you and to the other parents via e-mail.

Additionally, there may be times the news media will cover events at the Center using still photography and/or video, which may include your child.

I acknowledge the above notice regarding the taking and use of photographs of my child.
